Thanks Pete – this is helpful.

P.S. The board will be discussing the item this Thursday. It won't be an action item yet; we are still trying to flesh out various options for their consideration. You are an ex-oficio member of the board, so you are very welcome to attend. 4 p.m. in the new office.

Kerry,

The previous pilot I was referring to occurred when I first arrived in October and November of 2013. Guido Merkens and Don Anderson supervised a team of 8 on Friday and Saturday nights. 2 of the 8 were armed. Lt Dibell and Sgt Puettman attended their roll calls and stayed in touch with them throughout. Our team thought it was useful.
